

UPCOMING WEBINAR IMPLEMENTING ECOSYSTEM- ORIENTED APPROACHES IN THAILAND'S FISHERIES

May 2, 2025

**9am Bangkok
12pm Tasmania**

May 1, 2025

10:00pm ET (7pm PT)

Research Team

- Dr. Pavarot Noranarttragoon, Thailand Department of Fisheries
- Dr. Nipa Kulanujaree, Thailand Department of Fisheries
- Ms. Orawan Prasertsook, Thailand Department of Fisheries
- Dr. Beth Fulton, CSIRO
- Dr. Keith Sainsbury, University of Tasmania
- Dr. Derek Staples, Fisheries Consultant

Join us for a webinar on how Thailand is incorporating ecosystem-oriented approaches into fisheries management. Researchers from the Thailand Department of Fisheries will share how ecosystem indicators—developed through the Benchmarks for Ecosystem Assessment project—are being used to align fisheries management with Ecosystem-Based Fishery Management (EBFM) principles for both small-scale and commercial fisheries.
